

Product Specification Sheet

Fish 600 Detectable Safety Knife

| Revised August 2013

Product Name:	Fish 600
Product Code:	8901001-, 8901002-
Batch Quantity:	10 Pack
Colour Availability:	Blue, Red, Green, Yellow
Product Description:	The Fish 600 is a fully metal detectable, disposable safety knife. The large stainless steel blade is fully concealed for upmost operator safety, this blade is ideally suited for cutting packaging paper, shrink wrap and plastic strapping. The rear hook blade is also made from stainless steel and is designed for cutting through packaging tape, string netting and cardboard. The body of the Fish 600 is made from food safe metal detectable polypropylene, available in four colours to match your organisations colour coding.
Product Advantages:	<ul style="list-style-type: none"> ✓ Can be detected by conventional in line metal detection systems ✓ Simple design minimises any potential 'germ traps' ✓ Can be used for a variety of applications within hygiene critical processing environments ✓ Concealed blades minimise the risk of injury and drawing blood ✓ Displays a use of all due diligence in the prevention of foreign body contamination
Product Material(s):	Metal Detectable Polypropylene and Stainless Steel
Detectability Information:	<p>The Fish 600 is moulded from an electromagnetically detectable plastic compound. The detectability and visibility of this compound will vary based on, but not limited to:</p> <ul style="list-style-type: none"> ✓ Calibration Levels ✓ Product Type (E.g. Wet, Dry, Frozen, Liquid) ✓ Aperture Dimensions ✓ Orientation
Testing Information:	Niebling recommend that all our products be thoroughly tested on your metal detection systems by a trained and certified professional. It may the case that your equipment may need to be recalibrated in order to reliably detect this product. Such a professional should be available by contacting the manufacturer of your metal detection system.
