

Certificate of Product Suitability

High heat-resistant nylon

This is to certify that all hygiene products listed below conform to European food 10/2011/EC , 2007/19 EC and in accordance with American FDA CFR 21 177.1520 (olefin polymers).

The ingredients used to manufacture the products listed below are all recommended for use in direct food contact applications to the listed relevant directives :-

AP89(1), regarding purity compliance.

European Directive 2007/19/EC, amending 2002/72/EC & 1935/2004/EC

Regulation (EC) No. 1907/2006 Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

Products:

8130120-S

Declaration of absense Silicone.

On the basis of our knowledge of the manufacturing process and information provided by raw material suppliers. We hereby declare that the material used contains Polydimethylsiloxane < 0,0060%.

We confirm that the base materials used for the manufacturing of our products in conjunction with the above materials may be safely used to produce articles intended for use in processing, handling and packaging food in accordance with the above stated regulations and CFR177 .1500 (Nylon resins).
